MINNEAPOLIS, = = = MINNESOTA.

1905

WHOLESALE PRICE LIST OF Vegetable, Field and Flower Seeds.

TO THE TRADE:

We present herewith our Annual Wholesale Price List of **Vegetable, Field, Flower Seeds, Etc.** Our seeds have been **carefully grown, thoroughly cleaned, and tested as to germination.** We promise that every order, large or small, shall receive the most **scrupulous care.**

We endeavor to fix our prices as low as good seeds can be sold for under present conditions and allow a reasonable margin of profit. Should they however in any instance appear high, send us your memorandum of requirements to figure on and we will advise promptly if possible to shade, and in every instance when larger quantities are wanted than those noted, it will be advisable to write us before placing your order.

In some instances prices are higher than last year on account of failure in crops. This applies principally to Beans, both Wax and Green Podded varieties, supplies of which are extremely scarce. On the other hand many varieties, notably Sweet Corn and some of the Vine Seeds that were in short supply last season, have yielded better and prices are correspondingly lower. We trust that as the season advances we may be favored with your orders, and suggest in your own interest that you arrange for your requirements early.

Prices are subject to change without notice.

Yours truly,
NORTHRUP, KING & CO.,
Minneapolis, Minn.

26, 28, 30 and 32 Hennepin Ave.

TERMS OF PAYMENT.

Vegetable Seeds, Flower Seeds, Packet Seeds. Accounts for these are due June 1st, 1905, without regard to date of purchase. A discount of **one per cent.** a month for unexpired time will be allowed on payments made before June 1st. Accounts made after June 1st are due in 30 days from date of purchase.

Grass Seeds, Clover Seeds, Bird Seeds, Seed Corn, Field Seeds, Onion Sets, Potatoes, Fertilizers, Baskets, Etc. These are **net cash** goods, and subject to draft without notice.

SHIPPING.

In the absence of special instructions as to routes, packing, etc., we will use our best judgment.

PACKING.

Bags, Boxes, Barrels, etc., are charged for at value. No charge made for bags containing our Sterling Grades that are always branded with our trade mark and sealed with a leaden seal. (None other are genuine.)

CONDITIONS OF SALE.

Vegetable and Flower Seeds sold from this catalogue are warranted to prove of strong growth and of satisfactory quality and purity, **in so far**—that, should the contrary prove the case, through any defect in the seed, we will refill the order for such defective seeds free of charge, or refund the money paid us for it.

Grass and Field Seeds—With our improved machinery we are able to clean these seeds so thoroughly that we sell our "Sterling" and best grades on the following conditions: if **upon arrival and prompt test** they do not develop a high percentage of growth, or fail upon examination to prove of satisfactory purity, **they are to be returned at our expense.**

Beyond these plainly expressed conditions we give no warrant whatever, as the outcome of a crop is beyond human control; but as these are the strongest warrants made by any Seed House, they should satisfy the most careful purchaser of the confidence we have in our ability to supply good seeds.

SPECIAL REQUEST.

If you do not receive regularly our **grass and field seed** quotations issued during the Spring months, write us, so that your name may be added to our list.

PACKET SEEDS.

Vegetable Seeds. Of the size usually retailed at 5 cents., we put up in boxes containing 500 packets handsomely lithographed in colors, which give a correct illustration of the vegetable, also an accurate description and directions for culture. **Our packets contain full quantity of seeds.** These we sell outright **not on commission.** The low price at which they are sold makes it much more profitable to handle them than seeds on the commission plan.

Price per box of 500 packets (including box).....\$8.00

These boxes contain an assortment of the varieties best adapted for the section in which they are to be sold, but if customers prefer they may make their own selection.

Flower Seeds. Are put up in boxes containing 100 beautifully lithographed packages, showing the flower in its natural colors. The assortment includes the popular and most easily grown annual sorts. The retail price is 5 cents a packet, although many of the packets contain varieties, which, in many catalogues and other seed boxes, sell for 10, 15 and 20 cents. These seeds being sold outright and not on commission, are packed **fresh each year**, and will be found of unusually strong germinating power.

Price per box of 100 packets, only.....\$1.75

No charge for box. This box of Flower Seeds can be sent by mail for 10 cents additional.

Discounts to the Trade From Our Retail Prices.

In our retail catalogue for 1905, are many varieties of seeds for which our customers frequently receive orders. We offer

All Seeds in Packets at 40 Per Cent Discount.

Small quantities of bulk seeds selected from our retail catalogue and which cannot be invoiced at the pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the ounce.....33 1-3 per cent discount.

Seeds by the quart or pint.....20 per cent discount.

At the above liberal rates of discount the goods travel at expense of purchaser, and on seeds, etc., sent by mail, the cost of postage will be added to the invoice.

**Northrup, King & Co.'s
"PEEP O'DAY"**

**Ten Days Earlier than
any other Sweet Corn**

CAUTION:

The demand for Peep o' Day Sweet Corn last season led many dealers to substitute other sorts for Peep o' Day. We hereby notify all interested parties that the genuine Peep o' Day Sweet Corn grown by us in Minnesota during 1904 is only to be obtained in packets, pint and quart packages put up by us each bearing our name, trade mark and seal. No other is genuine. All orders for peck and bushel lots will invariably be filled in pint or quart cartons, properly boxed for shipment. None will be sold by us in bulk. This not only protects ourselves, but also those dealers who believe in selling an article for what it is.

The uniform retail selling price for Peep O'Day Sweet Corn is 15 cents per packet, 25 cents per pint carton, and 40 cents per quart. Discounts to the trade: packets in less than 100, 50 per cent, 100 to 300, 55 per cent, pints and quarts in less than case lots 50 per cent, 1 to 5 case lots, 60 per cent.

Sweet Corn is sold by measured bushels, not weight.

Northrup, King & Co.'s
Klondike.

The earliest. The great objection to the extremely early water melons has been their inferior quality. This has been entirely overcome in the Klondike, which is offered with the full assurance of not only being remarkably early, but as sweet, delicate and melting in flavor as any variety grown. It will ripen in altitudes where it has not been thought possible to mature a good water melon.

ONION SETS.

NORTHERN GROWN.

Onion Sets are planted in order to obtain onions earlier than they can be had from seed. It follows, therefore, that Northern Grown Onion Sets will produce onions earlier than Southern grown sets. In addition to this, our Minnesota grown sets are incomparably superior to ordinary stock, being of small size, sound and free from trash. Prices subject to market changes. Write for latest market prices on bushel and barrel lots.

EARLY SCARLET TURNIP, WHITE TIP.

Our Select Radish Seed**Produces Sound, Firm Roots.**

The best radish seed comes from Brittany in France, and is grown on land that has been reclaimed from the sea. This soil with its sub-irrigation, produces sound, shapely roots and these qualities are to a certain extent perpetuated in the seed. Radish seed from the south of France is grown very much more cheaply, but is undesirable and should not be used.

SWEET PEAS.

N. K. & CO.'S IMPERIAL MIXED. (The Finest Mixture.) In making this claim that our Imperial is the finest mixture of Sweet Peas obtainable, we are sustained not only by our own experience, but by the testimony of a great number of delighted customers who have used this mixture for years. Like our Imperial German Pansy, it is made up regardless of expense; the aim being to secure in this combination the largest flowering sorts and finest possible range of colors.

Northrup, King & Co.'s Lawn Grass.

We prepare six grades of Lawn Grass Mixtures, as follows, which are kept constantly in stock.

N. K. & CO.'S STERLING LAWN SEED is the best mixture for general lawn purposes possible to combine. Some of the grasses are early, others are medium and still others late. By this means, as soon as one variety has ceased to be at its best, others are there to take its place. The seeds used in this mixture are analyzed as to purity and tested as to germination. Our STERLING Mixture is unequalled for Tennis and Croquet grounds. Wholesale price per bushel of 20 pounds, \$3.25, sacks included.

N. K. & CO.'S PARK MIXTURE. The grasses that are used in this mixture are equally as good as those in the STERLING Mixture, but it does not contain as many varieties, or as many high priced sorts as the STERLING. It has given most excellent satisfaction and we unqualifiedly commend it to those wishing a less expensive than the STERLING. Per bushel of 16 lbs., \$2.25.

N. K. & CO.'S GOOD MIXTURE. Where a fine lawn is wanted, we always recommend that the best seed be used. There are places, however, that are not conspicuous and where all that is desired is a good healthy growth of grass. No better lawn seed for the money can be obtained anywhere than our GOOD MIXTURE. Per bushel of 14 lbs., \$1.75.

EMERALD LAWN SEED. This mixture has been made up to meet the competition of firms who put up inferior seeds under high sounding names. It is as good as can be made at the price. Per bushel of 14 lbs., \$1.10.

N. K. & CO.'S "SHADY PLACE" MIXTURE. On almost every lawn there are shaded places where difficulty is experienced in getting the grass to grow. By the use of our "Shady Place" Mixture these unsightly spots can usually be made as green and beautiful as the rest of the lawn. There are certain grasses which thrive naturally in such situations, and these we have combined, after much experiment, into the above named mixture. Our "Shady Place" Mixture has brought relief and satisfaction to many who have for years been annoyed by these disfiguring spots on otherwise beautiful lawns. Per bushel of 20 lbs., \$4.00.

N. K. & CO.'S "TERRACE" MIXTURE. Our "Terrace" Mixture is made up of rapid spreading, deep rooting grasses, which may be used either in combination with a regular lawn grass mixture, or scattered over the terraces to strengthen and supplement the grasses already established. Per bushel of 20 lbs., \$3.00.

THE LAWN. (Our pamphlet on Lawns) Tells How to Build New Lawns, How to Repair Old Lawns, How to Keep Lawns Green. It is free to our customers.

IS YOUR LAWN FADING? Are the Grasses Dying? If so, do not disfigure your Lawn, offend your senses or fill your ground with weed seeds by using stable manure, but apply Excelsior Lawn Dressing. Easily applied. Non-odorous. **N. K. & Co.'s Excelsior Lawn Dressing** is a fertilizer especially prepared for Lawns. It possesses in the highest degree and concentrated form those constituents best calculated to Nourish the Grass, promote its Luxuriant Growth and the Dark Green Color so greatly admired. It is not only The Most Perfect Lawn Dressing that has been devised, but it is the most pleasant to handle, being Non-Odorous, so that its liberal use on a lawn cannot be detected by any unpleasant odor. Being dry and fine it is easy to apply, and Imparts such a vigorous growth to the grass that two or three applications during the season at the rate of one pound to each 100 square feet of lawn keeps the grass in flourishing condition throughout the season and enables it to withstand the effect of the hot summer sun. We prepare but one kind of Lawn Dressing. This we do not believe can be excelled. It is put up in bags containing our brand. By express or freight, bag of 10 pounds, 45c; 25 lbs., \$1.00; 50 lbs., \$1.50; 100 lbs., \$2.85. Bags included.

NORTHRUP, KING & CO.'S "STERLING" GARDEN TOOLS

Unlimited Adjustments

All changes made in a minute. Adjustable to plant any quantity of any seed from celery to pumpkin

N. K. & Co.'s Seeding
Device.

N. K. & CO.'S "STERLING," STYLE A.
List Price, Complete, \$13.50. Special
Wholesale Price, \$8.80.

A complete, simple and dependable COMBINED Hill and Drill Seeding Machine, with attachments for quickly and easily changing it to a Double and Single Wheel Plow, Harrow, Rake, Weeder, Mulcher, Hoe, Hiller, Cultivator or Pulverizer. With this one splendid combination all the work in the average garden can be done and well done, except the original deep spring plowing. Just the tool for the farmer, the amateur gardener, and everybody who cultivates large or small plots. Changed from hill to drill or drill to hill in one minute, changed from seeder to cultivator in three minutes. Seeder is removed by taking out two bolts and loosening two wing nuts.

N. K. & CO.'S "STERLING," STYLE A C.
Drill attachments may be added at any time.

Cultivator Complete, List Price \$7.50.
Special Wholesale Price, \$4.90.

This cut shows the machine as a single-wheel hoe, with hoes pointed out and thrown wide apart. This and all other adjustments made without removing any parts. The wheel may be used in the centre of axle or at either side of center so that the single wheel form may be used astride the row or between the rows as desired. Changed from one to two wheel machine in two minutes. All other adjustments made in a minute.

N. K. & CO.'S "STERLING," STYLE A D.
Cultivator attachments may be added at any time.
Seeder Only. List Price, \$7.50. Special Wholesale Price, \$4.90.

Showing Hill and Drill seeder only. Plants all kinds of seed in continuous drill, or in hills 4, 8, 13 or 28 inches apart. Changed from hill to drill, or drill to hill in one minute, without removing or adding a single part. Opens very narrow furrow, V-shaped at bottom, making straight rows. It drops as many or as few seeds as wanted. For instance, we have dropped two beans every four, eight and thirteen inches, and have also drilled a quart of peas in a hundred foot row. To this machine N. K. & Co.'s "STERLING" Cultivator, Style A C, with drag bars and all cultivator tools may be added at any time in three minutes.

Something Very Special.

A New Covering Wheel—Combination open and closed convex and concave covering and press wheel made in two parts which are reversible.

NORTHRUP, KING & CO.'S "Sterling" Garden Tools

The Most Complete Line on the Market. Send for Special Catalogue.

TELEGRAPHIC CIPHER.

By making use of the following Telegraphic words for weights and measures, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at small expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

"Freight Darrain Backstay, Congruent" Means "Ship by first freight Two Bushels each of China Red Eye Beans and Early Minnesota Sweet Corn."

"Express Dagnan Classic" Means "Send by first express Ten Pounds Improved Danvers Half Long Carrot."

Note—This Code to be used for Telegrams Only—Not for orders by mail.
